Health is the daughter of exercise/Ancient Egyptian Proverb. We have so many words for states of mind, and so few for states of the body/ Jeane Moreau. There is more to life than increasing its speed/ Mohandas Gandhi. Language, which does not acknowledge the body, cannot acknowledge life/ John Lahr. What is life? It is a flash of a firefly in the night/American Indian Proverb. All sorts of bodily diseases are produced by half-used minds/ George Bernard Shaw. There's lots of people in this world who spend so much time watching their health that they haven't the time to enjoy it/John Henry Cardinal Newman. The great use of life is to spend it for something that outlasts it/ William James. If you stop struggling, than you stop life/ Huey Newton. Volumes are now being written and spoken about the effect of the mind on the body-I wish more was thought on the effect of the body on the mind/Florence Nightingale. As the tempest and the thunder affect not the sun or the stars, but spend their fury on stones and trees below; so injuries ascend not to the Soul of the great, but waste themselves on such as those who offer them/Ancient Egyptian Proverb.
