**Have you always wanted to learn how to understand and speak FRENCH but you don't know where to begin? Well, this book is a great way to start!**

**To learn a new language, you must be well-versed with the basics, and these include the graphic and phonetic alphabet, the ordinal and cardinal numbers, and its syntax, otherwise known as grammar. And once you have built a strong foundation, you can use this knowledge to construct simple sentences. As you continue to do so, you will also be able to expand your vocabulary and create even more complex sentences. This book has got you covered on all of these!**

In this book you will also learn fundamental French skills such as formal and informal greetings, self-introduction phrases, common expressions, and how to tell the time, date, month, and season fluently.

The great thing about this book is that you would no longer have to pay for basic French classes. As long as you practice regularly and use your dictionary to build upon your internal library of French words, you can go straight to pre-intermediate or even the intermediate level!

Keep in mind that it is crucial for you to have a native French speaker with whom you should have a conversation. That way you can really apply all of the knowledge that you have learned.

If you are interested in fashion, the visual arts, theater, architecture, and culinary arts, you should know that French will allow you to have access to so many great works under these fields of interest. Fluency in French will grant you more academic opportunities as well, especially for business and in universities. In fact, those who have a good command of the language can avail of scholarships from the French government to postgraduate courses or in any other recognized discipline under the grant.

You might also know that being able to speak, read, and write in the French language is a highly valuable skill, and it will greatly boost your career once you become proficient in it. You will be able to communicate easily on an international level since the language is spoken by over 200 million people in the world, particularly in Belgium, Canada, Switzerland, and North and Sub-Saharan Africa (apart from France, of course).

Learning other languages will be easier once you have learned French as well. Linguists consider this

language as a great base for other languages such as Italian, Romanian, Spanish, and Portuguese.

Lastly, French is a fun language to learn because it is easy and colorful. There are so many literary pieces that you can enjoy reading. Also, it will not be difficult for you to find somebody with whom to converse in French. Getting to the level of proficiency that you would like to achieve is easier than you think, especially with the help of this book!
