Key Theological Thinkers: From Modern to Postmodern Svein Rise

The 20th and 21st Centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition. This unique anthology presents contributions from leading contemporary theologians - including Rowan Williams, Fergus Kerr, Aidan Nichols, G.R. Evans and Tracey Rowland - who offer portraits of over fifty key theological thinkers in the modern and postmodern era. Distinguished by its broad ecumenical perspective, this anthology spans arguably one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions: Protestant, Catholic and Orthodox. Each individual portrait in this anthology includes a biographical introduction, an overview of theological or philosophical writing, presentation of key thoughts, and contextual placing of the thinker within 20th Century religious discourse. Overview articles explore postmodern theology, radical orthodoxy, ecumenical theology, feminist theology, and liberation theology. A final section includes portraits of important thinkers who have influenced Christian thought from other fields, not least from Continental philosophy and literature.
