The Devils Bible grady bryant

On an expedition to locate the ruins of Noah's Ark a mysterious cave is found with fragments of writing on clay tablets. Years later these remnants of clay are proven to be writings from the Devil dated before the time of Christ. If the rest of the tablets could be located they would describe biblical events that have haunted men since the beginning of time. For the first time the story is told of the unauthorized expedition into Turkey and what was discovered in the frozen height of Mt. Ararat.
