Republic of Drivers: A Cultural History of Automobility in America Cotten Seiler

Rising gas prices, sprawl and congestion, global warming, even obesity—driving is a factor in many of the most contentious issues of our time. So how did we get here? How did automobile use become so vital to the identity of Americans? *Republic of Drivers* looks back at the period between 1895 and 1961—from the founding of the first automobile factory in America to the creation of the Interstate Highway System—to find out how driving evolved into a crucial symbol of freedom and agency.

Cotten Seiler combs through a vast number of historical, social scientific, philosophical, and literary sources to illustrate the importance of driving to modern American conceptions of the self and the social and political order. He finds that as the figure of the driver blurred into the figure of the citizen, automobility became a powerful resource for women, African Americans, and others seeking entry into the public sphere. And yet, he argues, the individualistic but anonymous act of driving has also monopolized our thinking about freedom and democracy, discouraging the crafting of a more sustainable way of life. As our fantasies of the open road turn into fears of a looming energy crisis, Seiler shows us just how we ended up a republic of drivers—and where we might be headed.

Book Republic of Drivers: A Cultural History of Automobility in America has simple shape but the truth is know: it has great and massive function for you. You can seem the enormous world by start and read a e-book. So it is very wonderful.

William Wright:

Is it you who having spare time after that spend it whole day by means of watching television programs or just lying on the bed? Do you need something new? This Republic of Drivers: A Cultural History of Automobility in America can be the reply, oh how comes? A book you know. You are so out of date, spending your time by reading in this completely new era is common not a nerd activity. So what these textbooks have than the others?

Susan Garrard:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Republic of Drivers: A Cultural History of Automobility in America can make you sense more interested to read.
