The Watercolorist's Essential Notebook Gordon MacKenzie

Watercolor will entertain you for a lifetime. Those who have spent decades with it can testify how they are continually charmed and amazed by new discoveries every time they put paint to paper.

This book was developed to clarify and simplify various aspects of painting with watercolor, while at the same time challenging you with new possibilities. However, unlike a book of rules that tend to close our minds, this is a collection of principles, concepts and general information designed to expand the creative process.

This is your invitation to join the magic world of watercolor.
