Developed by an extremely active open source community, Moodle is a sophisticated course management system that's ideal for creating dynamic online learning communitiesand for supplementing face-to-face learning. Used in more than 115 countries and supporting over 60 languages, Moodle can scale from a single-teacher site to a 40,000-student university.Teachers who use Moodle have access to an array of powerful tools such as assignments, forums, journals, quizzes, surveys, chat rooms, and workshops. *Using Moodle* is a comprehensive, hands-on guide that explains how the system works, with plenty of examples and best practices for its many features and plug-in modules. Authored by a member of the Moodle community, this authoritative book also exposes little-known but powerful hacks for more technically savvy users. For anyone who is using-or thinking of using-this CMS, *Using Moodle* is required reading.
