(Paranormal wolf shifter romance, ménage a trois, m/f/m, violence, HEA)

Three years ago, Fiona Lafont's husband died in Afghanistan, leaving her to raise their infant daughter, Emma Grace, alone. A survivor of childhood abuse and neglect, Fiona vowed to give her daughter the life she never had, one full of love and security. A surprise visit from her abusive stepfather sets off a chain of events that shatter the safe and secure life Fiona created and sends them running for their lives. Fiona runs to the one person she knows can help them, her late husband's SEAL Teammate, Kell. In Texas, she not only finds safety and shelter, she finds out that the world she thought she knew doesn't exist.

Declan and his younger brother, Cade, are alpha and beta of Copper Creek Pack. They have the love and respect of their pack family, but not the love of a mate. Since their first shift, they have been searching for their mate, unknown to them she has been within reach for years. They had almost given up hope and then an innocent phone call from a three-year old fulfills their destiny and sends their mate literally crashing into their lives.

The Fates knew what they were doing when they picked the feisty little Cajun widow as alpha mate to the Creed brothers. Fiona's strong will, sass, and enormous capacity for love, is exactly what an arrogant alpha and a bad boy beta need. Can Fiona let go of her grief and embrace the lifetime of love and happiness offered to her? Will Declan and Cade be able to win their stubborn mate's heart or will the dangerous men pursuing Fiona, find her, and ruin their chance at happily ever after?
