Falling into Blue Gene Pare

Blue sky, a garden hose, the guy next door--they may never be the same. This eclectic collection of over 100 poems and prose will forever skew your perception of the everyday world. Paré has gathered 25 years of strange imaginings and quiet probings in one disturbed volume. He has the knack for capturing with intense clarity even the most seemingly innocuous moments and distilling them into something volatile. The writing is often so sparse it seems as if it was drawn out with needle-nose pliers. With just a few telling details Paré reveals extraordinary relationships between people and things, and although the subject matter tends to be dark, its edged with humor and always shivers with life.
