'This is an admirable book which can be recommended to students with confidence, and is likely also to become an indispensable source of reference for those researching fact construction' - *Discourse & Society*

How is reality manufactured? The idea of social construction has become a commonplace of much social research, yet precisely *what* is constructed, and *how*, and even what constructionism *means*, is often unclear or taken for granted. In this major work, Jonathan Potter offers a fascinating tour of the central themes raised by these questions.

**Representing Reality** overviews the different traditions in constructionist thought. Points are illustrated throughout with
