Healthy tendons are the foundation of true strength in the body. In *Tendon Nei Kung*, Mantak Chia explains how to perform the eight postures individually as well as with a partner. He reveals how regular practice of Tendon Nei Kung can help prevent and relieve arthritis by forcing poisoning acid out of the body to make room for healing chi energy. He provides ten supplementary exercises to help heal damaged tendons and joints without strenuous movement and also includes information on the Mung Beans hitting practice, an ancient practice that in addition to repairing damaged tendons and joints also aids in detoxification and relieves constipation, stomach cramps, and headaches.
