John, a 13 years old boy that lives with his grandparents at the quiet little town of Whickershire.

He loved living there and life was going great until his grandfather passed away.

John and his grandpa were close. They would spend quality time talking and fishing.

John would even help his old man with his projects and unique inventions.

Losing him changed John's life, and his days in Whickershire became dull and lackluster.

Just as John's days at Whickershire were about to be over since his parents were coming to take him home in 3 days,

something unusual happened. John discovered a little secret that was hidden away in the attic since his grandpa passed away.

He found the talking and moving doll his grandpa had made years ago.

But this time, the doll was more lifelike than John remembered.

His interaction with the doll will be a revelation that will change the way he thought of the world.

What did the doll tell him?

What happens next?
