Across the world, 1 in 10 people suffer the blight of rosacea, a lifelong disfiguring skin condition. These people are left with weakened immune systems, scarred or disfigured faces and crippling lack of confidence that affects their daily lives.

Until recently, rosacea was not fully understood and considered without cure by the medical community. The author of this book has developed a comprehensive treatment plan that removes the symptoms of rosacea – forever.

This comprehensive treatment plan, based on first-hand experience, is now available for all readers to study, learn from and implement, to cure themselves of rosacea for good.

Written by Dr Yue Huang, this essay-like, easy-to-read volume provides the illuminating story of the cure, as well as a clear three-phase treatment plan for readers to follow
