Even the most unruly dog can be trained if you just know how to talk to him! If you are a dog owner, you probably already know how challenging dog training can be. Dogs have their own personality and their own ideas about what they want to do and it's not always what you want them to do. Couple that with the fact that most people aren't born being able to simply "whisper" to dogs and get them to do their bidding and you have a recipe for frustration. All dogs are not created equal so it stands to reason that not all dogs should be trained the same way. In fact, in order for dog training to be successful, you have to learn how to talk your dogs language. Not just "dog language" the language that your specific dog talks. The mistake that most people make with dog training is to try to get the dog to understand them, when they should be working to understand the dog. And that's what this book will help you do - talk to your dog in a language that HE will understand! Once you do that, you will find that dog training is not only easy and fun but you will quickly be able to turn your dog into the obedient companion you always wanted.
