Minecraft is a funny world, but it's always filled with dangers. For the player and the random villager, each creeper is a menace, as it can blow up the entire village. Each time the night falls over the biomes, zombies come out to haunt the villagers and kill them. The biome itself can become dangerous with all the lava that hides under the grassy surface.

But this is also home for fun and amazing adventures, as the mobs of Minecraft live together, mingle and make friends or enemies, as they change the look of the world, crafting it to their resemblance. And one of those mobs is our young villager, who tries to mix farming with an adventurous life.

After finding his place in the Minecraft world our young villager is now leaving for another adventure. This time, everything he wanted was just a peak of a treasure, but he's going to get much more. Leaving alone, the courageous villager is going to confront with new things and adapt to what he stumbles upon.

Find out how the young villager becomes friend with zombies and other scary mobs during his latest adventure. But, things are not all sweet and shiny for him; he is in prison!

- Can our villager escape from prison?
- Or is he going to be put away?
- What about his parents and his friend?
- Can anyone help him?
- And most important, what is he going to learn from his latest adventure?

**You can find out all this by reading the new book and follow the curious villager in his new adventure!**
