**Thinking Consciously Rocks!: Changing Your Life One Conscious Thought at a Time** Connie M Williams

Thursday, April 21, 1994, was the day they told me my brother Carl was dead.

The following morning the papers read, "A man was killed by a hit and run driver on I-40 sometime Wednesday evening." By that afternoon the story had changed--from accidental death to cold-blooded murder.

The following fifteen years I was haunted knowing someone got away with murder.

Had I known my thoughts create my reality, I would have thought differently. I would not have suffered as long.

We get to decide what we think about. The better we think, the better we live. Just as James Allen said over one hundred years ago, "You are today where your thoughts have brought you; you will be tomorrow where your thoughts take you."

These days my thoughts take me where I want to be, at peace. Where do your thoughts take you?

THiNKING CONSCIOUSLY ROCKS! and it can change your life.
