**Abraham Lincoln Leadership Secrets** James Russell Lowell, Carl Schurz

THERE have been many painful crises since the impatient vanity of South Carolina hurried ten prosperous Commonwealths into a crime whose assured retribution was to leave them either at the mercy of the nation they had wronged, or of the anarchy they had summoned but could not control, when no thoughtful American opened his morning paper without dreading to find that he had no longer a country to love and honor. Whatever the result of the convulsion whose first shocks were beginning to be felt, there would still be enough square miles of earth for elbow-room; but that ineffable sentiment made up of memory and hope, of instinct and tradition, which swells every man's heart and shapes his thought, though perhaps never present to his consciousness, would be gone from it, leaving it common earth and nothing more. Men might gather rich crops from it, but that ideal harvest of priceless associations would be reaped no longer; that fine virtue which sent up messages of courage and security from every sod of it would have evaporated beyond recall. We should be irrevocably cut off from our past, and be forced to splice the ragged ends of our lives upon whatever new conditions chance might leave dangling for us.

We confess that we had our doubts at first whether the patriotism of our people were not too narrowly provincial to embrace the proportions of national peril. We felt an only too natural distrust of immense public meetings and enthusiastic cheers.
