Randy Murphy and Mikki Chance-Murphy are a contemporary couple whose marital bond is tested by the demands of their emerging professional lives. He is an ad executive who has temporarily relocated to Paris to pursue a prestigious account. She is a fashion designer living in Brooklyn, trying to move her struggling bridal boutique into the black.

Unfolding in alternating chapters from each of their points of view, *Love Don't Live Here Anymore* tells the story of what happens to a marriage when infidelity and distance-both physical and emotional-enter the equation. As Mikki finds herself powerfully drawn to her husband's best friend, it will take some major shaking up-not to mention faith, understanding, and lots of love-to put the pieces of their marriage back together. If it's not too late.

A novel about the choices that shape our lives and relationships, this is a moving and captivating addition to contemporary African-American fiction.
