## **Star Wars: Frames** George Lucas

After George Lucas finished work on *Star Wars* Episode III: *Revenge of the Sith*, he wanted to look back on the *Star Wars* saga with an entirely new point of view: isolating stills, or frames, from each of the six *Star Wars* films, focusing on them intensely as works of photography and design, and reproducing them in a book. For two years Lucas went through more than 150,000 frames per film, editing more than 1 million frames down to the 1,416 images that now comprise *Star Wars: Frames*, a testament to the hard work, craftsmanship, and dedication evident in every frame of every film. *Star Wars: Frames* brings together Lucas's personal shot-by-shot selections into a lavishly designed two-volume hardcover set—one volume for the Original Trilogy and one volume for the Prequel Trilogy. For collectors and fans, *Star Wars: Frames* is the ultimate look on this grand project devoted to a cinematic phenomenon—and the ultimate *Star Wars* collector's tome.

Praise for *Star Wars: Frames*:

“Wonderful.” —*Star Wars Insider* magazine

“George Lucas and company pored over the *Star Wars* films to distill the story into its visual essence and packaged the resulting images in the new book, *Frames*.” —Fast Company's *Co.Create* blog

“Stunning.” —Boing Boing

“This edition is solid.” —Gizmodo
